You will not regret it. This soft documents publication A Picasso Portfolio: Prints From The Museum Of Modern Art By Deborah Wye can be your good friend in any sort of situation.

A PICASSO PORTFOLIO: PRINTS FROM THE MUSEUM OF MODERN ART BY DEBORAH WYE PDF

Printmaking was fundamental to Pablo Picasso's artistic vision. Over his long career, he made well over 2,000 printed images, focusing on the intaglio techniques of etching, engraving, drypoint and aquatint, as well as on lithography and linoleum cut. This publication, published to accompany an exhibition at The Museum of Modern Art, explores Picasso's creative process in printmaking starting in the early years of the twentieth century with his Blue and Rose periods, and extending up to the last years of his life. Divided into 12 thematic sections, the book presents highlights from the Museum's extraordinary collection of Picasso's prints. These include such celebrated masterworks as "The Minotauromachy" and "The Weeping Woman" from the 1930s, as well as evolving states that reveal how Picasso's imagery developed. One example of such metamorphosis is seen in a series of lithographs from the 1940s in which a progression is established from the realistic depiction of a bull to one that is completely abstract and captured in just a few lines. Other prints reveal changing interpretations of the women in Picasso's life, who served both as artistic subjects and as catalytic forces for his creativity. Filled with full-page illustrations accompanied by extended captions, A Picasso Portfolio features an essay by Deborah Wye, Chief Curator of Prints and Illustrated Books at MoMA, and introductions to each thematic section. The book concludes with a chronology and bibliography focusing on Picasso's printmaking.

A unique collection of Picasso's sketches and prints

By K. Noe

I saw this special exhibit of Picasso's lesser known sketch and print work at the MOMA this April and wanted to get the book in order to remember it. I resisted buying it in the Museum Store because I knew it would be cheaper on Amazon and it was! Anyway, the art in this collection shows Picasso's range and his many interests. It is especially interesting to see his cubist style in development as you look at the works in this collection. If you're a Picasso-lover, you'll be glad you got your hands on this book because it lets you see a different side of his work. If you're not a huge Picasso fan, the strikingly beautiful prints in this collection may win you over!

gorgeous to look at!

By Sara Applegate

stunning book with tons of color pictures! Gives much more insight into Picasso than art school ever did!

Four Stars

By JAMES

I like it, however most all of the images are smaller than I would have liked.
