I have had the pleasure to work with Kim in person and now to own her book! I'm happy to say that I manifested my (soon to be husband) with the help of Kim's guidance and theories that are so beautifully

written here for the world to read. What Kim helped me discover was my subconscious roadblocks to finding my man. I discovered and sat with my "lack of self love". I was then able to play the story of my life and see where I created these ideas of worth around myself. Then I began to sooth my inner child and replace the sadness with love and compassion, I mixed Kim's work with myofacial release, reiki, and meditation. It was my perfect cocktail for enlightenment :-)
