Review of Business in Action

By Megan Hudnall

The book is the one that I needed but overall, I am very disappointed. It was listed under "Good" condition and when it came to me, the back cover as well as the whole index was torn in half. The book looked like it was a chew toy for a dog. The other books that I ordered came just fine so maybe it was just the seller of this book that falsely advertised that the book was new. But I'm still not happy.
