but if you enjoy reading Swami type books it's a very good read

By Daniel M.

Read this with a grain of salt, but if you enjoy reading Swami type books it's a very good read. Good on Kindle, I don't think I'd buy a hardcover.

A must read!

By nicole dauch

The writing style is easy to follow along; it's like being with a professor in a classroom who is well prepared

to answer his student's questions. It's a walk-through for the uninitiated; linking research with the clairvoyant. It divides-up the different categories of clairvoyance, while explaining adequately their differences. A must read...
