Very practical

By C. C. CASE

In game conditions are one of those things that have always been a pain in the butt, for players and GMs alike.

"What the heck does sickened mean again? Anyone remember what page the description is on?"

You can bet I'm keeping this deck right next to me throughout my group's current campaign.

The cards are easy to read, logically formatted, and even include entertaining pictures of goblins experiencing the condition in question.

What's not to love?

Useful Item for GM's and Players.

By Mr. Greg Palechek

What these cards are are descriptions of different conditions (ie sickened, blinded, etc) complete with modifiers and descriptive pictures. Tired of having to look up modifiers and have the players write them down only to have them conveniently forget them? No more! Just deal them a card, so you can keep track of it too.

The reasons I gave this four stars are twofold. 1) The package is hard to open, I ended up ripping part of it to get the flap open, so be careful. And 2) Yeah, it's the size of a pack of cards with 4 copies of each condition, which is cool, but they are double-sided with a different condition on the back, I prefer single sided cards for this type of thing and would gladly have paid more for the added convenience...

Great time-saver

By EvilGerman

I like these cards a lot. I wish the rules weren't that complicated, and the cards not needed, but that's how it is. My players groan when I pull out the deck :) The illustrations are so-so with most of them repeated for two conditions. I ripped them open the same wrong way as the other reviewer.

Back in the D&D 3.5 days I printed a bunch of like cards on my inkjet, took quite a while to do. I gladly bought those ready mades, given the price they fully deserve a five star rating. One other person in our group is buying them to use with his other group.
