GEOGRAPHY: REALMS, REGIONS AND CONCEPTS, 15TH EDITION BY HARM J. DE BLIJ, PETER O. MULLER, JAN NIJMAN PDF

The 15th Edition of H.J. deBlij and Peter Muller's *Geography: Realms, Regions, and Concepts* has been expanded and enhanced upon previous editions. This carefully crafted text by one of the most traveled, knowledgeable and authoritative geography authors, H.J. deBlij provides a comprehensive understanding about the world with a long history of on authoritative content, outstanding cartography, currency, and comprehensive coverage, in a technology-rich package. A new online World Regional Geography program is one of many new strong and effective technologies included.

- New Organization! Chapters are now divided into A/B sections. Within each chapter, Part A, Defining the Realm, examines developments that unfold across the entire realm or major parts of it. In Part B, Regions of the Realm, the authors explore the regions within the realms to view developments at a finer resolution and examine the role of individual states and national cultures.
 - New and updated content incorporated into the narrative of every chapter. Chapters 8A and 8B (South Asia), for example, now discusses recent developments in the cultural and religious conflict between Pakistan and India, as well as a more detailed discussion of economic growth and effects of globalization in South Asia.
 - New “Voice From the Region” feature, in every chapter. Each essay showcases the local perspective of an individual who resides in the realm.
 - Many new photographs and field notes, taken by co-author Jan Nijman while doing fieldwork.
 - New BBC videos, which can be used as lecture-launchers in class

Got it on Kindle app.

By Delilah Moody

Immediate download for rental. Had highlight & bookmark capabilities. This is a great option for students who don't want to buy an expensive book & you can select the end date, which is great!

Perfect for my purposes

By John D. Sens

Great book for general overview of world geography. The authors have included adequate historical and social background without delving into minutiae - a delicate balancing act many are unable to do.

4 of 5 people found the following review helpful.

Great Book

By Cristen

Book was very interesting, possibly one of the best textbooks I've ever purchased (and I've purchased a lot!). I almost wish that I hadn't rented it, because it's a book I wouldn't mind keeping on my shelf.

Advice to people considering the Kindle version:

If you like reading e-books, great! Go for it!

If you don't like reading e-books, or even reading anything of great length on a computer/tablet/phone, go for the hard copy. I am a lover of hard copy books, and I bought the Kindle version because I'm cheap. I wished over and over again that I hadn't gone that route. The book constantly refers to maps and graphs that are on different pages and it's a pain to flip back and forth (it will also refer to charts on the inside covers of the books...I didn't even bother). Plus, who doesn't love the smell of a new book? (Well, I guess those of us who like the smell of money better...)
