Amazing!

By Bob Grant

I'm a marriage therapist so I've read a lot of marriage books. What's so different about Dr. Baucom's book is that it's not only insightful...it's practical. Finally I don't have to wade through all the theory and therapist talk to get to what actually works. From a man that does this every day with real life clients.

I liked the section on how NOT to save your marriage. But for me the best part was the KNAC protocol for Change. It really does give hope!

Lee Baucom saved my marriage

By misericordia

Dr. Baucom saved my marriage. This book, along with his hours of free podcasts and his ebook save the marriage system, brought my marriage back from the dead. There was a big shift in my way of thinking about my husband and our marriage, and this had a positive effect on my behavior (which is, after all, the only thing I have control over). One of the important points he makes is that one person working alone can turn a marriage around, and this was the case for us. If not for my husband's embarrassment, I would be telling everyone I know about Dr. Baucom; so many people are struggling with marriage problems, disconnection, midlife crises, affairs, etc. I am grateful every day to have come across his materials.

This book is very practical and to-the-point.

I spent a lot of wasted time reading other books and online articles. I've never thought saving my marriage could be so simple and common sense based. I no tricks or manipulation
