About the Author

Although descended from a long line of French nobility, Francois Fenelon devoted his life to Christ and the church. In 1689, he was appointed as the tutor of the seven-year-old Duke of Burgundy, who was second in line for the French throne. When Fenelon began his tutorship, the duke was a spoiled, mean child. Years later, when Fenelon left him, he was a very governable young man who thoroughly understood the responsibility of his future duties. Later, Fenelon became the spiritual advisor of a small, committed number of men and women at the court of Louis XIV of France, including the king himself. In fact, under Fenelon's wise spiritual direction, Louis XIV sought to live a life of true spirituality in the midst of a court that was otherwise shamelessly immoral. During this period, Fenelon also became a friend and spiritual advisor to Madame Guyon.

Five Stars

By Rebar

Simply amazing

5 of 5 people found the following review helpful.

Simple, timeless messages to us from a great saint

By HOPE46

I often carry this book with me and read a short passage during a break in my day. These spiritual letters of advice from Archbishop Fenelon (who worked in the court of Louis XIV) have a timeless quality and a simple message of humility, always humility. His messages keep me grounded.

5 of 5 people found the following review helpful.

Not the Same as Whitaker House Edition

By reviewer

The modern translation of this classic lacks the depth of meaning of the original. Why they just didn't reprint the old version, I do not know. But, now I have to continue looking for the original. My first copy of the original version was worn out, and I wanted to replace it. This was a big disappointment, and not what I wanted.
