The best way to start indulging.

Nobody knows sensational erotica better than Nadia Nightside. All her stories feature fertile, gorgeous women dripping with desire and masculine, hunky men throbbing to deliver heir after heir. In these stories, men are always capital M “MEN,” in their rightful place in charge of gorgeous women. And those women? Of course they’re all aching to slide down on their knees before their ripped, studly gods and worship those meaty members with their deliciously plump mouths...even if they have to do it with two or three or four other beauties at the same time.

In “2 Women, 1 Man, 0 Rules,” a pregnant housewife worried about her straying husband enlists her gorgeous best friend into a threesome so they can both worship his massive meat together. In “Owning My Co-Worker,” a lucky young man finds out that the taste of his seed puts the beautiful women he works with under a blissful, obedient trance. In “Gang Up: Overload,” a post-apocalyptic town is ripped in two when a love affair between members of rival gangs is exposed, and every member of the gangs needs to ride just one lucky beauty to settle the dispute. In “Revenge On His Hot Assistants,” a stage magician finds a magic watch that lets him entrance his beautiful, snobby assistants until they’re his dotting servants, eager have his virile unprotected seed fill their fertile bodies. In “Lust Fever,” a virus is unleashed that makes mindblowing sex unstoppable...and undeniable. And in “Heir Salon,” a staunch feminist moves to a town where all the women are empty-headed, eager, fertile, servile bimbos...and soon finds herself part of a plot to be just like them.

This bundle is the perfect place to start for any new readers of erotica, or a great way for old fans to catch up with any hot tales they might have missed out over the last year.

A whole lot of smut!

By Billy Darnell

Let's break these down, shall we?

Heir Salon – standard hot bimbo tale, though the MC is not quite a bimbo by the end of it (I suspect that comes later!)

Lust Fever—super hot tale of seduction...but the seduction in this case is done by a virus. Very kinky.

Gang Up – WOW. So much steamy action. I can't even describe it!

Revenge On His Hot Assistants – pretty hot wish-fulfillment tale on your prototypical snobby brat girls. Loved it.

Owning My Co-Worker – A different twist on the above, still mega-hot, I think because I liked the characters better

2 Women, 1 Man, 0 Rules – VERY hot tale of a pregnant housewife trying to make sure her husband keeps his “member” where she wants it.

Enjoyed all of them!

By Awesome Reviews

Of these I would say that “Gang Up” was my favorite. It was a little unexpected with the apocalyptic feel but I liked how it was handled—and I definitely liked the gang loving the girls got :) All these stories are great and worth your time. I'd say check it out if you love erotica!

Terrific sampler!

By Clarissa

All of these stories are the first in their respective series. Obviously it looks like Nadia wants us to try a bit and then get the rest...well, it worked on me. I'd say that's a good thing, as I'm having a great time with them. Heir Salon series FTW.
