SPIRIT PROPHECY (THE GATEWAY TRILOGY BOOK 2) BY E.E. HOLMES PDF

Two sisters, haunted by more than their past...

Just weeks after discovering each other's existence, Jess and Hannah Ballard arrive at Fairhaven Hall, where they will learn the clandestine ways of the Durupinen, an ancient sect of women who control the Gateways between the worlds of the living and the dead.

Though they are considered outcasts by most of their classmates, Jess and Hannah are determined to learn what they can to fulfill their responsibility to the many ghosts that haunt them. But danger, it seems, has followed them as closely as a shadow to their new home, and they have more questions than ever.

Who is the desperate child spirit pursuing Jess, and what do her terrifying visions mean? What has happened to Dr. David Pierce, Jess' friend and mentor, who has suddenly and mysteriously vanished? And just what is it about Hannah's unique abilities that has the other Durupinen frightened of her? The Ballard sisters are about to find out, and the answers could destroy their newfound life before it has even begun.

Spirit Prophecy is the second thrilling installment of E.E. Holmes' award-winning Gateway Trilogy.

This series just got better!

By Shawn Verdin

Finally! After waiting not-so-patiently for book 2 in The Gateway Trilogy, I was finally able to devour Spirit Prophecy! And devour is exactly what I did. This book picks up, quite literally, right where book 1 left off. Holmes wastes no time getting the ball rolling either, as this story progressed quite nicely. Our heroine Jess is back in action with her twin sister, Hannah and her quick-witted, sometimes smart-mouthed sidekick, Milo. Seriously, who wouldn't love Milo? While we are able to spend some quality time getting reacquainted with Jess and Milo, we get to know Hannah better as well. In addition to these three, we are introduced to a load of new characters that are....interesting, to put it mildly. Holmes has the ability to introduce characters and have you feel like you've known them for a while or at the very least wish you knew them. Along with the new characters, we are treated to a new setting as well, one of my favorites places to read about...the U.K.

All of the things I loved about Holmes' writing Spirit Legacy are present in Spirit Prophecy...the interesting characters, the unique storyline, the creepiness, the believability and the straightforwardness. She doesn't use any arbitrary plot devices, but instead using good storytelling! The crew has lots of mysteries to solve and

what fun it is “watching” as things unfold.

E.E. Holmes has created a genius story here and has gone about telling it in all the right ways. It’s writers like Holmes that remind me why I love reading so much...to escape, to visit other worlds and to be entertained. She has become not only one of my favorite YA paranormal authors, but one of my favorites, in general.

If you haven’t read Spirit Legacy, book 1 in The Gateway Trilogy yet, what are you waiting for?? Read it so that you can move on to Spiriting Prophecy. You won’t be disappointed! I know Holmes will draw you into this story just as she did me, and you’ll be chomping at the bit for more!

A "spirited" story you won't want to put down!

By Courtney Strong

I absolutely devoured this book in less than one day. The first book in the series, Spirit Legacy, was a clever and captivating story; and the second installment is not a disappointment. You dive deeper into the characters you already love, and you are introduced to many more characters that you instantly connect with. This story perfectly balances excitement and intrigue. You won't want to put this book down, and you will be eagerly awaiting the last book in the series. E.E. Holmes is a talented and "spirited" author who produces stories that just make you enjoy reading....and that is quite a challenge for someone like myself who doesn't usually enjoy reading!!! Highly recommend all of this author's work!

wow!!

By Ellen Moore

This book (which is the second) is mesmerizing in its intensity and frustrating in its complexity. Bravo!! Refreshing and utterly engrossing while still remaining appropriate for younger readers.
