TENTACLES (CRYPTID HUNTERS, BOOK 2) BY ROLAND SMITH PDF

Roland Smith makes his Scholastic debut with a middle-grade adventure novel about the search for a mysterious creature--the giant squid--in this sequel to CRYPTID HUNTERS.

Marty and Grace O'Hara's globe-trotting parents disappeared while on assignment for a nature magazine, and now they're living with their Uncle Wolfe, a scientist fascinated by cryptids--creatures that appear in myths but haven't been proven to exist, such as the Loch Ness Monster. Wolfe is planning an expedition to New Zealand to track a giant squid, and he's rented a huge (and possibly haunted) freighter for the trip. But someone on board is determined to sabotage their mission--and if Marty and Grace keep poking their noses into things, they might end up the saboteur's next victims!

Outstanding Sequel To Cryptid Hunters!

By Librarian

Tentacles, the sequel to Cryptid Hunters, is the book I always wished I had to read as a child. Adventure, suspense, good versus evil, sibling rivalry, lots of fun James Bond- like gadgets and cryptids, (animals that are thought to exist, but have not yet been proven to exist) all jam packed into a fast paced thriller. Mr. Smith continues to spark young audiences with an exciting race against the evil Noah Blackwood to catch a giant squid in the waters of New Zealand, hatch eggs found in the jungles of the Amazon believed to belong to the mysterious cryptid, Mokele-mbembe and protect Grace (one of the main characters) from her grandfather, Noah Blackwood collecting her too. True to his style, his characters, Marty, Grace, Luther and Wolfe continue to show an acute awareness of right and wrong, moral decision making and love of their family. Tentacles appeals to 9-15 year olds, but really captures a very tough audience, boys of that age group along with adults who still appreciate a good adventure novel. Adventure seekers of all ages will enjoy the ride.

TENTACLES is the sequel to Roland Smith's CRYPTID HUNTERS. He continues the excitement begun in the Congo as Marty and Grace join Dr. Travis Wolfe in a new adventure to find a giant squid in the waters off New Zealand.

After Marty found out Grace was actually his cousin and not the twin sister he thought she was, their new life took them to the island of Cryptos to live with Grace's father, Travis Wolfe. This new adventure begins as their boarding school friend, Luther, arrives on the island.

The action starts off with a frantic chase to catch a chimpanzee named Bo as he terrorizes the island on a four-wheeler. Using Luther's wild and crazy flaming red hair as bait, they are able to not only catch the chimp, but also get him aboard the newly renovated ship called the Coelacanth bound for New Zealand to capture a giant squid.

At the same time that Travis Wolfe and his crew are preparing for their journey, the famous and evil Noah Blackwood is preparing his ships to intercept the Coelacanth in an effort to kidnap Grace, his granddaughter, and steal two priceless dinosaur eggs or whatever may have already hatched from those valuable eggs.

TENTACLES is filled with fast-paced action, high-tech gadgets, disguises, and double agents. Teens looking for adventure and intrigue are sure to like this one. There is excellent back-story information provided, so even those who haven't yet read CRYPTID HUNTERS can enjoy the story.

Readers who are already fans of the first book will also be pleased to discover that TENTACLES will probably not be the last adventure for Marty and Grace.
