You Call This a Book?

By Amazon Customer

I was rather disappointed when I received thus book, if you can call it a book. It is a very thin paperback with only 41 pages. Must of it is simply fluff with maybe five to ten pages at the back with any real information, which is sparse at best. Many pages are one-sided and several old magazine articles from the early nineteen hundreds are inserted for filler. This is more a pamphlet than book.
