Vivid imagination and fascinating prose

By A Customer

I still remember, opening my father's dusty trunks filled with books in our attic and being introduced to the strange world of Morgana Royal. It was Corelli's indomitable Morgana who inspired me to choose a career in Engineering, and the notion that for a woman nothing is impossible if there is a thirst for knowledge.

Through the years Morgana, with her great intellect and sarcastic wit has continued to be my inspiration. Corelli's prose is rich and vivid., and she makes Morgana believable and endearing. Bitterly cynical, the book rings with criticism of human society and men in particular, but it is Morgana who captures the readers imagination. The story contains some fantastical arguments about Miss Corelli's mystical beliefs, but still makes good reading.

A romance takes place in a hidden city of immortals discovered by an intrepid heroine in the Egyptian desert. Passion is married to the spiritual quest in this reincarnation romance that will charm as well as titillate with its quirky delightful ambiance. Quite Dishy!
