THE WAY OF THE WIZARD: 20 LESSONS FOR LIVING A MAGICAL LIFE BY DEEPAK CHOPRA PDF

In **THE WAY OF THE WIZARD**, Deepak Chopra sheds light on 20 life-enhancing principles for rediscovering the magic that we have lost, but that remains within our grasp. The result, in effect, is a practical and accessible guide to one of life's shortest but most rewarding journeys: the one into the realm of boundless possibilities that exist within and all around us. **THE WAY OF THE WIZARD** is a natural outgrowth of Dr Chopra's work on the themes and metaphysics of the medieval Merlin myth and a development of his work on the philosophy and application of magic. **THE WAY OF THE WIZARD** is for the seeker in all of us.

A fun introduction to self realization

By Wantabezen

This is one of my all time favourite books. While I am not a big fan of other Deepak Chopra other books I love this one. It is a grate fun and thought provoking way of seeing reality from the perspective of self as if your true self could have a open conversation with you on explaining your true nature in a magical context of King Arthur and Merlin. If I had children which I don't, this would be the book I would read to them at night. I had been around the spiritual circuit for many years reading all the usual self awareness books sometimes coming across a book written buy a person who in my opinion has obtain spiritual enlightenment, true self awareness from St Germain to all the indian guru masters which now a days is all I read. But I still go back to this book and have read it 20 or 30 times for me in the begging it helped me understand how to reconise a true masters voice aswell as understanding that it is obtainable for a every day person.

Deepak explains in layman's terms the wisdom of old...

By Rachel Roggio

I have always admired Deepak Chopra, and this book has become one of my favorites. Mixing wisdom from the ancients with daily activities in our current time, this book makes the lessons visible, understandable, and applicable to our lives in the 21st century. It is easy to be distracted from basic truths and soul wisdom in a society that seeks to distract us from our core, but this little book helps to put things in their proper place. I

think it's a good read for anyone who likes to look beyond the obvious, and seeks to know on a level that is not tied in to any particular time or place, but is both timeless and boundless.

This is one of my my favourite books. I have always believed in turning dust ...

By Sharanjeet Shan

This is one of my my favourite books. I have always believed in turning dust to diamonds, coal to carbon to petroleum. It is all magi. Similarly teachers can turn learners into scholars, doctors, engineers and great explorers. I have always thought of myself as an alchemist - comes easy when one is a passionate, crazy teacher. I love this book.
