Please don't pay money for this.

By Pocky

I was really excited about this book. I liked the idea of Christmas / Holiday horror stories. Unfortunately this book reads like a 5th grader wrote it. I finished the book in a single, painful hour. About 1/4 of the actual book is ads for other horror / occult books from the same publisher. This was such a waste of money.

Fantastic, and devious.

By Zenbear

Why not have a dark vision of holiday tales? Why not have devious and devilish stories about them? This book covers all of that, and in clever and unique ways! Great book, better author.
